The NACMPA Award for Excellence for the best paper published during 2014-2015 in IJMPCERO
2015-06-19 04:48
"Dose reduction to the scalp with hippocampal sparing is achievable with intensity modulated radiotherapy", IJMPCERO, Vol. 3(3), 2014 is selected as the best paper by North American Chinese Medical Physicists Association (NACMPA).
Along with an award certificate, a check of \$500 will be paid to the first author.
